Ex parte Quayle

This application is in condition for allowance except for the following formal matters:

Oath/Declaration

The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following:

The oath or declaration is defective because:

It does not state that the person making the oath or declaration acknowledges the duty to disclose to the Office all information known to the person to be material to patentability as defined in 37 CFR 1.56.

The declaration instead states:

4. We acknowledge the duty to disclose information, which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, 1.56(a).

The above statement which includes "material to the examination," omits the phrase "material to patentability." The declaration also only limits the duty of disclosure to 37 C.F.R. §1.56(a).

The examiner suggests using the language from form PTO/SB/51:

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

Reissue Applications

Claims 1-43, 45 and 49-56 are objected to as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

Conclusion

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
